

Dissertationen SS 2019 – WS 2019/20 aus dem Bereich der Wirtschafts- und Sozialwissenschaften des Landbaus¹

HU Berlin

- ANSARI, DAWUD: Numerical models for emerging energy and resource issues: Examples from tight oil, global energy, and rural electrification (Prof. Eisenack)
- BHATT, BRIJESH: Institutional Reforms, Governance Structures and Technology Adoption: Evidence from the Indian Electricity Distribution Sector (Prof. Hagedorn)
- BRAUN, JULIAN: Weiterentwicklung eines sektorkonsistenten Betriebsgruppenmodells um Treibhausgasemissionen und Bewertung von ausgewählten Minderungsstrategien (Prof. Kirschke)
- CÁRCAMO MALLEN, ROBERT: Globalization and Food Security: A Case Study on Livelihoods and Food Security in Sitalá, Chiapas (Prof. Bokelmann)
- CHEPKOECH, WINIFRED: African Indigenous Vegetables in the Face of Climate Change: A Socio-Economic Analysis of Adaptation Strategies in Kenya (Prof. Lotze-Campen)
- CORAL GUERRA, CLAUDIA: Assessment of the Drivers and Dynamics of Historical Land-Use Changes. Linking Biodiversity Conservation, Community Ecotourism and Agriculture in Protected Forests in Ecuador (Prof. Bokelmann)
- HUNG ANH, NGUYEN: The Market of Sustainable Certified Coffee in Vietnam: A Smallholder Farmer Perspective (Prof. Bokelmann)
- KARATAY, YUSUF NADI: Economics of nitrogen fertilization: Site-specific application, risk implications, and greenhouse gas emissions (Prof. Kirschke)
- MAAB, OLIVER: Analyzing Transactions in Linked Value Chains of Wastewater Treatment and Crop Production (Prof. Bokelmann)
- MINOLI, SARA: Managing phenology for agronomic adaptation of global cropping systems to climate change (Prof. Lotze-Campen)
- NEETZOW, PAUL: The economics of power system transitions: Modeling pathways and policies for storage, grids and renewables (Prof. Eisenack)
- PUTTKAMMER, JUDITH: Indirect Lobbying on Biofuel Policy in Germany. How Interest Groups influenced Policy-making through Public Media (Prof. Grethe)

- STEINKE, JONATHAN: New opportunities for agricultural extension services: Mainstreaming large-scale farmer participation through modern ICT (Prof. Bokelmann)
- WANG, JUE: Science-practice Interaction in Transdisciplinary Research: Analysis from the Communication Perspective (Prof. Bokelmann)
- WANG, XIAOXI: Understandig Implications of Key Economic Factors for Land Dynamics and Food Systems in a Changing World (Prof. Lotze-Campen)

Bonn

- BERG, SILVAN: Managing uncertainty in the process of technology development: An analysis at the micro-, meso- and macro-level for biobased technologies. (Prof. Bröring)
- BOANSI, DAVID: Extreme weather events in Sudan Savanna Region of West Africa (Prof. von Braun)
- BORGE, LAURA: Assessing technology transfer in the interdisciplinary research setting of the bioeconomy A concise study using disciplinary, stakeholder and technology perspectives. (Prof. Bröring)
- EVIA SALAS, PABLO ERNESTO: The Effect of Government Transfers on Poverty and Inequality (Prof. von Braun)
- GAUR, VARUN: Decentralized energy in India and its synergies with Water-Energy-Food security (WEF) nexus (Prof. von Braun)
- GEBREMARIAM, GEBRELIBANOS GEBREMEDHIN: Sustainable Agricultural Practices (SAPs) in Northern Ghana (Prof. von Braun)
- GÖTZE, FRANZISKA: Demand for organic food in Switzerland. (Prof. Heckeley)
- HAB, JULIA: Ernährungsinterventionen im Setting Schule als ernährungspolitisches Instrument der Gesundheitsförderung und Prävention. (Prof. Hartmann)
- KAMRATH, CAROLIN: Understanding food technology evaluation across supply chain actors: A methodological and empirical analysis. (Prof. Bröring)
- LUDWIG, TILL: Consumption Choices: The effects of food production, markets and preferences on diets in India (Prof. von Braun)
- MUSSA, ESSA CHANIE: Long-term effects of childhood work on human capital formation, migration decisions, and earnings in rural Ethiopia (Prof. von Braun)

¹ Zusammengestellt aufgrund von Mitteilungen der agrarökonomischen Institute und Fachbereiche.

- RUKUNDO, EMANUEL: Effects of community-based health insurance on child health outcomes and utilisation of preventive health services (Prof. von Braun)
- VANGANI, RUCHI: Water, sanitation and agriculture linkages: impact on health and nutrition outcomes in peri-urban Gujarat, India (Prof. von Braun)
- WEBER, REGINE: Food Security Monitoring for Developing Countries in the Age of Big Data (Prof. von Braun)
- YEH, CHING-HUA: The Role of Production Method and Country-of-Origin Labelling in Consumers' Food Choice: Empirical Study Based on Meta-Analyses and Stated Preference Choice Experiments (Prof. Hartmann)
- HÖLKER, SARAH: Tierethische Positionen in der Gesellschaft – Eine empirische Analyse (Prof. Spiller)
- KRUSE, MARCO: Assessing the role of Women Empowerment for food Security and Nutrition: Empirical Evidence from Tunisia and India (Prof. Qaim)
- MEYER, JOHANNES: The German Dairy Sector: Internationalization – Competitiveness – Supply Chains (Prof. Theuvsen)
- MICHELS, MARIUS: Digitalisierung in der Landwirtschaft – Empirische Untersuchung zur Nutzung von Smartphones (Prof. Mußhoff)
- MÖLLMANN, JOHANNES: Versicherungen als Risikomanagementinstrumente in der Landwirtschaft – Über staatliche Unterstützung und die Beurteilung satellitenbasierter Indexversicherungen (Prof. Mußhoff)

Gießen

- BISSINGER, KATHARINA: Essays on the economics of fairtrade: Analyzing food labels with sustainability characteristics (Prof. Herrmann)
- MÜLLER, BERND RAIMUND: Kollektiver Habitat- und Artenschutz in der offenen Agrarlandschaft (Prof. Nuppenau)
- LUSWAGA, HUSSEIN MOHAMED: Non-timber forest products utilisation, income benefits and villagers' forest management participation in West Usambara – Tanzania (Prof. Nuppenau)
- WANG, XIALIN: An optimal spatial water flow model based on payments for ecosystem services – a case study from the Cubango-Okavango river basin of Southern Africa (Prof. Nuppenau)
- REITHMAYER, CORRINA: The Economics and Ethics of Farm Animal Welfare- the case of Chick Culling and its Alternatives (Prof. Mußhoff)
- SCHAAK, HENNING: Agricultural and societal perspectives on pasture-based livestock production systems in Germany (Prof. Mußhoff)
- SCHÜTTE, REBEKKA: Supporting biodiversity in European vineyards: Possibilities for winegrowers and economic implications (Prof. von Cramon-Taubadel)
